Decision Made / Agenda / Objectives / Plan for the Coming Week	
<ul style="list-style-type: none"> <li>• <b>SPRINT REVIEW</b> <ul style="list-style-type: none"> <li>○ Luca: Got every story done except for feature testing. Been helping others with the MVP design</li> <li>○ Luq: Had no free time to work on these things. A lot of my stories were done this week. Most of the listener story is done. Just a question of triggering the listener. We discussed the slides yesterday and I'll be getting that done today</li> <li>○ Ethan: BOM is complete and approved by the Prof. Waiting on course directors to approve it.</li> <li>○ Paras: Integrating the popup and connected the mass setter to the front end. I left functionality to edit every aspect but I can always change it. Mass setter does work. Not sure if I want a notification to show an edit is confirmed. Also planning to record the demonstration for the presentation video</li> <li>○ Thar: Working on integration tests. Got busy with assignments. Working on the midterm report. Should be complete by Monday.</li> <li>○ Jean: Worked on the BOM. Specifically, decided on IoT and shelving materials.</li> </ul> </li> </ul>
